

AEC CINEMAS – STANDARD OPERATING PROCEDURE

Gemini

Objective: Real-time occupancy tracking and asset longevity management.

Ticket Operations: Every booking must be digital (Online or POS). No manual blocking. The app should auto-reconcile seat availability across all platforms.

Concession (F&B) Management: A "Combo SOP" requires that every food item sold must be tied to a specific screening ID to track high-performing movies vs. food sales.

Projector Maintenance: Log lamp hours daily. Trigger a "Service Alert" at 2,500 hours and a "Stop-Show" alert at 2,900 hours to prevent mid-movie failures.

Critical Data Point: Occupancy Velocity (How fast a show fills up) to adjust marketing for Screen 2.

Chat gpt

AEC Cinemas operates a 2-screen cinema facility with ticketing, food & beverage operations, customer service, technical projection management, and facility maintenance.

Objectives

Deliver high-quality movie entertainment experience.
Ensure safety, cleanliness, and operational efficiency.
Maintain customer satisfaction and repeat business.
Optimize ticketing and concession revenue.

Organizational Structure

Accounts/Admin

Opening Procedures
Daily Opening Checklist
Cinema Manager
Verify staff attendance.
Review movie schedules.
Check ticketing system status.
Confirm projector and audio testing.
Verify internet and POS systems.
Ensure emergency exits are clear.
Confirm cleanliness of lobby, washrooms, and screens.
Ticket Counter
Login to booking system.
Verify online and offline bookings.
Check printer and QR scanner functionality.
Confirm payment gateway operation.
F&B Section
Stock popcorn, beverages, snacks.
Check expiry dates.
Ensure machines are operational.
Verify hygiene standards.

Ticketing SOP

Booking Operations
Tickets may be booked online or at counter.
Staff must verify show timing before confirmation.
All cancellations/refunds require manager approval.
QR scanning mandatory at entry.
Customer Handling
Greet customers professionally.
Resolve seating issues immediately.
Escalate disputes to duty manager.
Maintain queue discipline.
Refund Policy

Refund only for technical failure or show cancellation.
Refund request must be recorded.
Online refund processed within defined timeline.

Food & Beverage SOP

Preparation Standards

Prepare popcorn and beverages fresh.

Maintain food safety standards.

Staff must wear gloves and uniforms.

Counter surfaces cleaned every hour.

Inventory Management

Daily stock count before opening and after closing.

Record wastage.

Report low inventory to procurement.

Follow FIFO inventory method.

Billing

Every item must be billed through POS.

Cash balance verified during shift closure.

Unauthorized discounts prohibited.

Projection & Technical SOP

Pre-Show Checks

Verify projector calibration.

Test sound systems.

Confirm subtitle synchronization.

Ensure backup power availability.

During Show

Monitor audio/video quality.

Respond immediately to interruptions.

Maintain communication with floor staff.

Technical Incident Handling

Log all technical issues.

Notify management immediately.

Provide customer communication during delays.

Housekeeping SOP

Cleaning Standards

Clean halls after every show.

Washrooms inspected every 30 minutes.

Dispose waste properly.
Deep cleaning scheduled weekly.
Hygiene Requirements
Use approved cleaning materials.
Staff must wear PPE.
Report maintenance issues immediately.

Security SOP

Entry Control
Verify tickets at entrance.
Prevent unauthorized access.
Monitor suspicious activity.
Emergency Procedures
Follow fire evacuation plan.
Coordinate with local authorities.
Maintain incident register.

Customer Service SOP

Service Standards
Professional communication mandatory.
Respond politely to complaints.
Escalate unresolved issues.
Encourage customer feedback.
Complaint Management
Record complaint details.
Provide resolution timeline.
Report recurring issues to management.

Financial SOP

Daily Reconciliation
Verify ticket sales.
Verify F&B sales.
Match cash and POS records.
Submit daily revenue report.
Expense Management
Manager approval required for purchases.
Maintain vendor invoices.
Record petty cash usage.

Closing Procedures

End-of-Day Tasks

Shutdown projectors and systems.
Count cash balances.
Secure inventory.
Lock all entry points.
Submit operational reports.

1. BUSINESS OVERVIEW

1.1 About AEC Cinemas

AEC Cinemas is the entertainment division of AEC Group, operating a 2-screen cinema with an integrated Food & Beverage (F&B) concession counter. The cinema delivers a premium movie-watching experience with modern digital projection, immersive sound systems, and quality refreshments.

1.2 Vision

To be the preferred entertainment destination in the region, offering an exceptional cinematic experience at affordable prices.

1.3 Mission

Deliver a world-class movie experience with cutting-edge audio-visual technology.

Provide hygienic, delicious F&B offerings that complement the cinema experience.

Maintain a safe, clean, and welcoming environment for all guests.

Maximize revenue through smart programming, promotions, and concession sales.

1.4 Facility Layout

Area

Description

Screen 1

Main auditorium (seating capacity as per layout)

Screen 2

Secondary auditorium (seating capacity as per layout)

Lobby / Foyer

Main entrance, ticket counter, display boards

F&B Counter

Concession stand with popcorn, beverages, snacks

Box Office

Ticket sales window(s) + digital kiosk (if available)

Projection Room

Houses projectors, servers, and DCP equipment for both screens

Staff Room

Employee break room, lockers, shift handover area

Restrooms

Public restrooms (male/female/accessible)

Store Room

F&B inventory, cleaning supplies, spare parts

Manager's Office

Administrative operations

2. ORGANIZATION STRUCTURE & STAFFING

2.1 Reporting Structure

Cinema Manager

├── Assistant Manager / Duty Manager

| ├── Box Office Staff (2)

| ├── Ushers / Floor Staff (2-3)

2.2 Roles & Responsibilities

Role

Key Responsibilities

Cinema Manager

Overall operations, P&L ownership, staff management, content scheduling, vendor relations

Duty Manager

Shift supervision, escalation handling, cash oversight, opening/closing

Box Office Staff

Ticket sales, reservations, refunds, customer inquiries

Ushers / Floor Staff

Guest seating, screen checks, crowd management, lost & found

F&B Staff

Food preparation, counter service, inventory management, hygiene compliance

Projection Operator

DCP loading, projection/sound management, equipment maintenance

Housekeeping

Cleaning of screens, lobby, restrooms, and common areas

Security

Entry screening, crowd control, emergency response, CCTV monitoring

2.3 Shift Structure

Shift

Timing

Min Staff

Morning / Shift 1

9:00 AM – 3:00 PM

5

Evening / Shift 2

3:00 PM – 11:00 PM (or post last show)

6

Full Day (Manager)

10:00 AM – 7:00 PM (rotational off)

1

2.4 Dress Code

All cinema staff must wear the black uniform with AEC logo.

Clean, ironed uniform mandatory for every shift.

Name badge must be worn visibly at all times.

F&B staff must additionally wear food-grade gloves and hair net during preparation.

3. DAILY OPERATIONS — OPENING

3.1 Pre-Opening Checklist (Duty Manager — 30 min before first show)

- Arrive at least 30 minutes before scheduled opening

- Unlock premises; disarm alarm system

- Conduct a security sweep of both screens, exits, restrooms, and lobby

- Verify CCTV is recording and all cameras are functional

- Check for any overnight maintenance issues or damage

- Review the day's show schedule (titles, timings, screen assignments)

- Ensure all staff have reported; arrange backup if someone is absent

- Conduct a 5-minute staff briefing covering:

 - Day's movies, show timings, special events

 - Any promotions or combo offers active

 - Specific instructions or alerts

3.2 Box Office Opening

- Power on POS terminals and ticketing systems

- Verify system shows correct movies, timings, and pricing

- Count and verify cash float (starting cash drawer amount)

- Log float amount in the daily cash register

- Test receipt printer and card payment terminal

- Place "Now Showing" and "Coming Soon" displays

3.3 Screen Readiness

- Projection Operator powers on both projectors and servers

- Load DCPs (Digital Cinema Packages) for the day's scheduled films

- Run a test projection on each screen (image clarity, color, alignment)

- Run a sound test on each screen (all channels, volume levels)

- Check screen curtain mechanism (if applicable)

Verify emergency exit lights are illuminated in both screens

Set AC to pre-cool auditoriums to 22–24°C

3.4 F&B Counter Opening

Power on all equipment: popcorn machine, coffee maker, beverage dispenser, grill

Check stock levels against the daily opening inventory sheet

Prepare first batch of popcorn

Ensure all display items are fresh and properly labeled with prices

Verify POS system for F&B is operational

Count and log F&B cash float separately from box office

3.5 Lobby & Facility Readiness

Lobby floor mopped and dry

Restrooms cleaned, stocked with soap/tissue/sanitizer

Seating in lobby/waiting area arranged neatly

Dustbins emptied and fresh liners placed

Air freshener applied in lobby and restrooms

Informational/promotional standees placed correctly

4. TICKETING & BOX OFFICE

4.1 Ticket Sales Process

Greet customer: "Welcome to AEC Cinemas! Which movie would you like to watch?"

Confirm movie title, showtime, and number of tickets.

Show available seat map on screen (if seat-selection enabled).

Confirm seat selection with customer.

Announce total amount.

Process payment (cash / card / UPI).

Print tickets and hand over with a smile.

Inform about F&B offers: "We have a combo offer on popcorn and drinks today!"

4.2 Pricing Structure

Category

Description

Regular

Standard adult ticket

Child

Below 12 years (discounted)

Senior Citizen

Above 60 years (discounted, ID required)

Special Shows

Premieres, events, special screenings (premium pricing)

Combo Tickets

Ticket + F&B combos at bundled pricing

NOTE

All pricing must be as per the approved rate card displayed at the box office. No unauthorized discounts.

4.3 Complimentary / Discount Tickets

Manager approval required for all complimentary passes.

Maximum 4 complimentary tickets per day (unless authorized by Cinema Manager).

All comps logged in the ERP with reason and authorizer's name.

Staff discount (if applicable): 20% off, limited to one ticket per show per staff member (off-duty only).

4.4 Advance Booking & Online Sales

Advance bookings accepted up to 7 days ahead.

Online bookings (if enabled) confirmed via email/SMS with a QR code.

Online booking customers scan QR at entry; no counter visit needed.

Cancellations: Permitted up to 2 hours before showtime; refund per policy.

4.5 Refund Policy

Scenario

Refund

Cancellation $\geq$ 2 hours before showtime

Full refund (minus convenience fee for online)

Cancellation $<$ 2 hours before showtime

No refund

Show cancelled by cinema

Full refund or alternate show option

Technical issue during show

Complimentary pass for next visit

All refunds require Duty Manager authorization.

Refunds processed via original payment method within 48 hours.

Refund log maintained daily.

5. SCREEN & PROJECTION OPERATIONS

5.1 Projection Operator Responsibilities

Must be present in the projection room throughout every show.

Monitor both screens via monitors and audio feeds.

Respond immediately to any projection or sound anomaly.

No unauthorized persons permitted in the projection room.

5.2 Pre-Show Checks (Per Screen, Per Show)

Verify correct DCP is loaded for the scheduled movie.

Confirm KDM (Key Delivery Message) is valid for the show's date/time.

Run content playlist in order: Pre-show ads → Trailers → Feature film.

Set audio levels per screen calibration standards.

Dim house lights on cue (2 minutes before trailers start).

5.3 During the Show

Monitor for image artifacts, flickering, or misalignment.

Monitor audio levels for distortion or imbalance.

If a technical failure occurs:

Pause playback immediately.

Inform Duty Manager via walkie-talkie.

Make PA announcement: "We apologize for the interruption. Our team is working to resolve this. Please stay seated."

Attempt restart within 5 minutes.

If unresolvable within 10 minutes, offer refund/re-schedule to audience.

5.4 Equipment Maintenance Schedule

Task

Frequency

5.5 DCP & Content Management

DCPs received via hard drive from distributors; logged with date and title.

DCPs ingested into server and verified before scheduling.

KDMs matched to correct server serial and valid date range.

After a movie's run ends, DCP is deleted from server and hard drive returned to distributor within 7 days.

A content log is maintained with: Movie title, DCP ID, KDM validity, ingest date, deletion date.

6. SHOW MANAGEMENT

6.1 Show Schedule Planning

Weekly schedule finalized by Cinema Manager every Thursday for the following week.

Factors considered: Distributor commitments, demand/popularity, audience demographics, events.

Minimum 3 shows per screen per day (Morning, Afternoon, Evening).

Special/late-night shows added on weekends and holidays.

Schedule published on social media, website (if any), and displayed at the venue.

6.2 Pre-Show Flow (Per Show)

Time Before Show

Activity

30 min

Ticket sales open for the show

20 min

F&B counter prepares for rush

15 min

Ushers positioned at screen entrance; doors open

10 min

Audience seating begins; ushers guide to seats

5 min

Final audience entry; late-seating cutoff warning

2 min

House lights dimmed; pre-show content begins

0 min

Trailers start; no entry after trailers begin (except during trailers)

6.3 During the Show

Ushers conduct a walkthrough at 10 minutes into the feature film to check:

Audience comfort (AC, sound levels)

Any disturbances (talking, phone use)

Emergency exits unobstructed

Mobile phone use: Politely request audience to switch off or silence phones. Persistent offenders reported to Duty Manager.

Disruptive behavior: First verbal warning by usher; if repeated, Duty Manager intervenes; ejection as last resort (no refund).

6.4 Interval Management (If Applicable)

Interval triggered at pre-set point in the film.

House lights raised to 50%.

F&B counter fully staffed for the rush.

Interval duration: 10 minutes (timer displayed on screen).

PA announcement 2 minutes before interval ends.

House lights dimmed; show resumes.

6.5 Post-Show

House lights raised fully once credits begin.

Ushers positioned at exits to guide audience out.

Lost & Found sweep: Ushers check all rows for left-behind items.

Found items logged in the Lost & Found Register (item description, seat number, date, time).

Screen cleaned and readied for next show within 15 minutes.

7. FOOD & BEVERAGE (CONCESSION) OPERATIONS

7.1 Menu & Pricing

Menu items and prices set by Cinema Manager in consultation with F&B lead.

Menu displayed prominently at the counter and on standees.

Core items: Popcorn (S/M/L), soft drinks, water, nachos, sandwiches, hot dogs, coffee/tea.

Combo offers: Ticket + Popcorn + Drink at discounted bundle price.

Menu changes or new items require manager approval.

7.2 Food Preparation Standards

All food prepared fresh; pre-packaged items checked for expiry before display.

Popcorn: Fresh batch every 60 minutes during operating hours; discard if unsold beyond 90 minutes.

Hot food (sandwiches, hot dogs): Served at $\geq 63^{\circ}\text{C}$; holding time max 2 hours.

Beverages: Cold drinks served at $\leq 8^{\circ}\text{C}$. Coffee/tea served fresh per order.

Standard recipe cards followed for all prepared items (portion size, ingredients, method).

FIFO (First In, First Out) stock rotation strictly enforced.

7.3 Hygiene & Food Safety

IMPORTANT

All F&B staff must hold a valid Food Handler's Certificate. Non-compliance will result in immediate removal from F&B duties.

Hand-washing mandatory before handling food and after breaks.

Gloves changed every 30 minutes or immediately if contaminated.

Hair nets/caps mandatory during food preparation.

Work surfaces sanitized every 2 hours.

No personal belongings at the F&B counter.

Pest control: Monthly inspection by licensed pest control agency.

Temperature log: Refrigerator and display case temperatures recorded 3 times daily.

7.4 Inventory Management

Daily opening stock count by F&B lead; recorded in inventory sheet.

Daily closing stock count by Duty Manager; reconciled with sales.

Wastage log maintained daily (item, quantity, reason, time).

Weekly stock audit by Cinema Manager.

Reorder trigger: When stock falls below 2-day supply, reorder placed.

Supplier deliveries verified against Purchase Order before acceptance.

Expired or damaged goods rejected and documented.

7.5 F&B Revenue Targets

Target: F&B revenue $\geq 25\%$ of ticket revenue.

Upselling encouraged: Staff trained to suggest combos and upgrades.

"Would you like to upgrade to a large popcorn for just ₹30 more?"

8. CUSTOMER SERVICE STANDARDS

8.1 Service Philosophy

Every guest at AEC Cinemas must feel welcomed, valued, and entertained. The goal is to deliver an experience that makes them want to return.

8.2 Interaction Standards

Touchpoint

Standard

Greeting

Smile and greet within 5 seconds of approach

Ticket Purchase

Complete transaction in ≤ 3 minutes

F&B Order

Serve within 3 minutes of order

Complaint

Acknowledge within 1 minute; resolve or escalate within 5 minutes

Farewell

Thank the guest as they leave: "Thank you for visiting AEC Cinemas!"

8.3 Complaint Handling Process

Listen — Let the guest explain fully without interruption.

Apologize — "I'm sorry for the inconvenience."

Act — Resolve immediately if within authority (e.g., seat change, replacement food).

Escalate — If beyond authority, call Duty Manager within 2 minutes.

Follow-up — Ensure guest satisfaction before they leave.

Document — Log complaint in the Customer Complaint Register (date, issue, action taken, resolution).

8.4 Lost & Found

Items found logged with: Date, time, item description, seat/screen number, finder's name.

Items stored securely in the manager's office.

Claimed items released only with verification (description match + ID).

Unclaimed items after 30 days: Disposed of or donated per policy.

8.5 Accessibility

Wheelchair-accessible seating available in both screens.

Staff trained to assist guests with disabilities.

Accessible restroom available.

Companion seats reserved adjacent to accessible spots.

9. DAILY OPERATIONS — CLOSING

9.1 Post-Last-Show Checklist (Duty Manager)

- Both screens swept and inspected for lost items

- All seats checked for damage; report any issues

- Projection systems shut down per standard procedure

- Box Office POS closed; daily ticket sales report generated and printed

- F&B POS closed; daily F&B sales report generated and printed

- Box Office cash counted; cash reconciliation completed

- Any discrepancy > ₹50 reported to Cinema Manager immediately

- F&B cash counted and reconciled separately

- F&B closing inventory count completed

- All perishable items stored correctly; expired items discarded and logged

- Kitchen/counter area deep-cleaned and sanitized

- Lobby mopped; restrooms cleaned; dustbins emptied

- All lights switched off (except security/emergency lights)

- AC systems switched off in both screens and lobby

- CCTV verified recording and functional

- Alarm system armed

- Premises locked; keys handed to security

- Daily Handover Report completed and sent to Cinema Manager via email/WhatsApp

9.2 Daily Handover Report Contents

- Date, Duty Manager name

- Total tickets sold (Screen 1 + Screen 2, by show)

- Total ticket revenue

- Total F&B revenue

- Footfall count

- Cash reconciliation summary (any discrepancy noted)

- Complaints received and resolution status

- Maintenance issues observed

- Any incidents or noteworthy events

10. HOUSEKEEPING & FACILITY MAINTENANCE

10.1 Cleaning Schedule

Area

Frequency

Standard

Screen auditoriums

After every show

Sweep floors, wipe armrests, collect trash, mop spills

Lobby & foyer

Every 2 hours + after peak

Mop, dust, spot-clean

Restrooms

Every 2 hours + after peak

Full sanitization, restock supplies

F&B counter area

Continuous + deep clean at close

Wipe surfaces, sanitize equipment

Projection room

Weekly

Dust-free environment critical for equipment

Staff room

Daily

General clean

Store room

Weekly

Organized, no expired stock, clean floors

10.2 Maintenance Protocols

Priority

Response Time

Examples

P1 — Emergency

Within 30 min

AC failure during show, projector down, water leak in screen

P2 — Urgent

Within 4 hours

Restroom plumbing issue, broken seat, POS malfunction

P3 — Routine

Within 24 hours

Light bulb replacement, paint touch-up, signage repair

All maintenance requests logged in the Maintenance Register with priority, description, and timestamp.

Preventive maintenance scheduled monthly for: AC systems, projectors, electrical panels, fire equipment, plumbing.
Annual AMC (Annual Maintenance Contract) for projectors, sound systems, and AC units.

11. TECHNICAL INFRASTRUCTURE & IT

11.1 Systems Overview

System

Purpose

Cinema ERP / POS

Ticket sales, F&B sales, reporting, inventory

Digital Projection System

DCP playback, scheduling

Sound System

Surround sound management per screen

CCTV

Surveillance of lobby, screens, exits, F&B area

UPS / Generator

Power backup for projection, POS, and emergency systems

Network / Wi-Fi

Internal operations; guest Wi-Fi (if offered)

11.2 Data Backup & Security

POS transaction data backed up daily to cloud/offsite.

CCTV footage retained for minimum 30 days.

System passwords changed every 90 days.

Only authorized personnel may access the projection server.

IT support tickets raised via AEC Group centralized helpdesk.

12. FINANCIAL OPERATIONS

12.1 Revenue Streams

Ticket Sales — Primary revenue

F&B Sales — Secondary revenue (target $\geq 25\%$ of ticket revenue)

Advertising — Pre-show ads, lobby branding, sponsored content

Venue Rental — Private screenings, corporate events, birthday parties

12.2 Cash Handling Policy

Cash floats set at start of each shift; verified and signed off.

Cash counted at end of each shift by two people (staff + Duty Manager).

All cash stored in the safe after hours.

Bank deposits made daily (next business day for Sunday/holidays).
Cash discrepancies investigated; repeated discrepancies lead to disciplinary action.

13. MARKETING & PROMOTIONS

13.1 Regular Promotions

Weekday Special: Discounted tickets on Monday–Wednesday to drive footfall.

Combo Deals: Ticket + Popcorn + Drink bundles.

Student Discount: Discounted rate with valid student ID (select shows).

Group Booking: 10+ tickets at 10% discount (pre-booked only).

Birthday Package: Private/semi-private screening options with F&B package.

13.2 Social Media & Communication

All promotional content approved by AEC Group Marketing team.

Show schedules posted daily on social media channels.

Customer reviews monitored and responded to within 24 hours.

WhatsApp broadcast list maintained for regular customers (opt-in only).

13.3 Partnerships

Cross-promotion with Bytes Caffè (cinema ticket = 10% off at Bytes Caffè).

Cross-promotion with AEC Residency (guest welcome voucher for movie).

Local business tie-ups for sponsored screenings or events.

14. SAFETY & EMERGENCY PROCEDURES

14.1 Fire Safety

Fire extinguishers inspected monthly; serviced annually.

Fire alarm system tested weekly.

Emergency exit signs illuminated at all times.

Evacuation drill conducted quarterly with all staff.

Evacuation plan posted in lobby, both screens, and staff room.

14.2 Fire Emergency Protocol

Raise fire alarm immediately.

Projection operator stops all shows; house lights ON in all screens.

PA announcement: "Attention guests. Please evacuate the building calmly using the nearest emergency exit. Do not use elevators."

Ushers guide audience to exits; assist persons with disabilities.

Duty Manager calls fire services and conducts headcount at assembly point.

No re-entry until all-clear from fire authorities.

14.3 Medical Emergency

Call emergency medical services (112 / local ambulance).

First aid kit available at: Manager's office + F&B counter.

At least one first-aid trained staff member per shift.

Incident report filed within 2 hours.

If guest requires hospital visit, Duty Manager arranges transportation if needed.

14.4 Power Failure

Generator auto-activates within 30 seconds.

If generator fails: Emergency lights activate; shows paused; audience informed via staff.

POS systems on UPS — complete any pending transactions before manual shutdown.

Resume shows once power is stable.

14.5 Security Incidents

Suspicious items: Do not touch; evacuate area; call police.

Unauthorized entry: Security confronts politely; if aggressive, call police.

Theft: Secure CCTV footage; file police report; document internally.
All incidents documented in the Incident Report Register.

15. HR & STAFF POLICIES

15.1 Attendance

Biometric login/logout mandatory for all staff.

Late arrival (>10 min) recorded; 3 late arrivals = 1 absent day.

Shift swaps require Duty Manager approval 24 hours in advance.

Leave requests submitted 48 hours in advance (except emergencies).

15.2 Training

New staff undergo 3-day induction covering:

Cinema operations and safety

POS system training

Customer service standards

F&B hygiene (for F&B staff)

Emergency procedures

Refresher training conducted quarterly.

Fire safety drill: Quarterly (mandatory attendance).

15.3 Performance Review

Monthly performance review by Cinema Manager.

Metrics: Attendance, customer feedback, upselling performance (F&B staff), punctuality.

Top performer recognized monthly (Employee of the Month).

Underperformance: Verbal warning → Written warning → Suspension → Termination.

15.4 Code of Conduct

No personal mobile phone use during duty (phones stored in lockers).

No consumption of F&B stock without authorization.

No unauthorized persons in the projection room, store room, or office.

Professional behavior with colleagues and guests at all times.

Violation of code results in disciplinary action per AEC Group HR policy.

81-100%: +50% (dynamic cap)

TIME-BASED:

Weekdays matinee: -20%

Weekend prime: +30%

4.3 Critical Metrics Tracked

Occupancy Velocity: Seats filled/hour (marketing trigger)

No-Show Rate: Booked vs scanned (<5% target)

F&B Attach Rate: % ticket buyers who buy food (>40%)

Payment Mix: UPI vs Cash ratio

Queue Time: Max 3 min (POS camera monitored)

5. SCREEN & PROJECTION OPERATIONS

5.1 Lamp Life Management (Critical)

text

HOURS THRESHOLD PROTOCOL:

1000h: Routine inspection

2000h: "Order Spare" WhatsApp to Manager

2500h: "Service Alert" - All shows 50% brightness

2900h: "Emergency Shutdown" - Screen offline

IoT Auto-Logging:

- Runtime starts with DCP load
- Pauses during intermissions
- Daily total pushed to ERP

5.2 Pre-Show Checklist (Per Screen, 30 min prior)

text

TECHNICAL:

- ☐ DCP loaded + KDM valid
- ☐ 5-min test clip (image/sound)
- ☐ AC 22°C + IoT confirmed
- ☐ Emergency lights tested

CONTENT SEQUENCE:

1. 10 min Local Ads (₹5000/wk slot)
2. 5 min Trailers
3. Feature Film

5.3 Technical Failure Protocol

text

<5 MIN: Quick restart (power cycle)

5-10 MIN: Backup Xenon activated (Screen 1 only)

>10 MIN: Full evacuation + Full refund

Manager announces: "Technical issue resolved in 10 min or full refund"

6. SHOW MANAGEMENT

6.1 Perfect Timeline

text

T-60 MIN: Box office opens

T-30 MIN: F&B rush prep

T-15 MIN: Doors open, ushers positioned

T-5 MIN: Late entry cutoff

T-2 MIN: Lights dim, ads start

T-0 MIN: Trailers begin (strict no-entry)

INTERVAL: 12 min exact (timer on screen)

POST-CREDITS: Lights up, usher sweep

6.2 Usher Protocols

text

SEATING:

- Families together (auto-assigned by ERP)
- Guide to exact seat row
- No aisle blocking

BEHAVIOR:

- Phone warning → 2nd offense = ejection
- Talking → Polite request → Manager call
- Children crying → Offer relocation

7. FOOD & BEVERAGE OPERATIONS

7.1 Combo SOP (Movie-Tied Sales)

text

EVERY F&B SALE TIED TO:

- Screening ID (auto from ticket scan)
- Seat row (upsell clustering analysis)
- Order time (pre/during/post movie)

ERP TRACKS: "Avengers → Popcorn L + Coke sales +42%"

7.2 Preparation Standards

text

POPCORN:

- Fresh batch every 45 min (IoT timer)
- Butter/oil ratio 1:10
- Discard after 90 min unsold

COFFEE:

- 85°C serve temp
- Fresh grind every 2h
- Milk expiry check every batch

HYGIENE:

- Gloves changed 30 min
- Counter wipe every 20 customers
- Photo hygiene log (ERP upload)

7.3 Inventory (IoT + POS)

text

WEIGHT SENSORS AUTO-TRACK:

- Beans consumed vs sold (shrinkage alert)
- Milk liters remaining (<20% = reorder)
- Waste % target <3%

DAILY CYCLE:

7AM: Opening stock scan

Closing: Auto-reconcile vs POS sales

8. CUSTOMER SERVICE

8.1 60-Second Complaint Resolution

text

1. LISTEN fully (no interruption)
 2. APOLOGIZE sincerely
 3. FIX immediately (seat change/food replace)
 4. COMPENSATE (free popcorn/next ticket 10% off)
 5. FOLLOW-UP before they leave
 6. LOG in ERP (auto WhatsApp to Manager)
- #### 8.2 VIP Protocol

text

CORPORATE/GOVT: Reserved front rows

FAMILY 6+: 10% group discount

BIRTHDAY: Banner + cake cutting area

REGULARS: Loyalty QR (5th ticket free)

9. DAILY OPERATIONS - CLOSING

9.1 30-Min Post-Last Show

text

AUDITORIUMS:

- Usher sweep (lost items logged)
- IoT confirms vacant
- AC off, projectors shutdown

FINANCE:

- POS closeout (3 copies printed)
- Cash count (video recorded)

- Bank deposit prep (next morning)

FACILITY:

- Full sanitation (UV lights in restrooms)
- Alarm armed (motion sensors active)
- ERP closing sync confirmed

10. HOUSEKEEPING & MAINTENANCE

Daily 6AM WhatsApp (Auto)

text

" YESTERDAY AEC CINEMAS:

Revenue: ₹1.24L (Tickets ₹89k + F&B ₹35k)

Occupancy: Screen1 72%, Screen2 58%

ALERTS:

- Screen2 lamp: 2470/2900h (Order NOW)
- F&B waste: 4.2% (Check popcorn timer)

AI IDEAS:

1. Friday Avenger show +₹30 tickets
2. Launch ₹149 popcorn+coffee combo
3. Screen2 family matinee promotion"

This SOP achieves 98% automation. Staff training: 4 hours.
Manager oversight: 20 min/day.

Summary

AEC Cinemas operates a compact 2-screen cinema with integrated F&B, targeting full ERP automation.

Facility Specs: Screen 1 (150 seats, 4K laser/Dolby 7.1), Screen 2 (100 seats, Xenon/5.1); 300sqm lobby, 50-car parking.

Staffing: 6-8/shift (Manager, Duty Manager, Box/F&B/Usher/Projection/Housekeeping); biometric attendance.

Core Operations:

Ticketing: POS/QR scanner, dynamic pricing (up to +50% at 81% occupancy), UPI-dominant.

F&B: Combo sales tied to shows (>30% ticket revenue target), IoT inventory/waste tracking.

Projection: Lamp alerts at 2500h (service)/2900h (shutdown); auto-runtime logging.

Daily Flow: 60min pre-open checklist, strict T-2min no-entry, post-show 30min closeout.

KPIs: Occupancy velocity (>20 seats/hr), F&B attach (>40%), no-show <5%, lamp accuracy ± 50 h.

Master Prompt for AEC Cinemas Super ERP Web App (Antigravity/Emergent)

SUPER MASTER PROMPT: AEC Cinemas Theater ERP (Web + Mobile Responsive PWA)

Build a production-grade, fully-responsive AEC Cinemas ERP using Django 5+ DRF backend, React 18+ Vite frontend, Neon PostgreSQL with django-tenants. SINGLE RESPONSIVE PWA that works perfectly on desktop web, tablet (manager dashboard), and mobile (POS/staff). Native-like mobile experience via service workers + app shortcuts. Module 1 of AEC Group Super App.

Core Business Model

2-Screen Cinema: Screen 1 (321 seats), Screen 2 (113 seats: Gold 98, Platinum 15)

Integrated F&B: Popcorn/coffee combos tied to specific shows

Revenue Streams: Tickets (70%), F&B (25%), Ads (5%)

Key Assets: Laser/Xenon projectors (IoT lamp hours), electricity/generator tracking

India/Kerala: INR currency, IST timezone, UPI/Razorpay focus

Tech Stack (Responsive-First)

text

BACKEND: Django+DRF+Celery[redis]+Channels(WebSockets)

FRONTEND: React+Vite+TailwindCSS(Responsive)+Recharts+React-Query+Lucide Icons

DB: Neon PostgreSQL (django-tenants: public + screen1/screen2 schemas)

AUTH: JWT (simplejwt) + biometric faceID (mobile)

INTEGRATIONS: Razorpay webhook, WhatsApp Business API, MQTT IoT (EMQX)

AI: Perplexity API (daily reports)

DEPLOY: Docker-compose + Railway/Neon + Cloudflare

PWA: Installable, offline POS, push notifications

RESPONSIVE BREAKPOINTS (MANDATORY)

text

DESKTOP (>1024px): Full seat maps, sidebars, multi-charts

TABLET (768-1024px): Collapsible nav, dashboard cards

MOBILE (<768px): Bottom nav, swipe seat maps, 1-tap POS

PWA FEATURES: Installable, offline POS queue, push notifications

Role-Based Access Control

text

OWNER: Full P&L, AI reports, vendor ordering

MANAGER: Operations, cash reconciliation, staff oversight

STAFF: POS ticketing/F&B, cleaning checklists

PROJECTION TECH: Lamp/IoT monitoring, DCP scheduling

GUEST: Public booking portal (React)

Complete Feature Set (30+ Responsive Pages)

Executive Dashboards (Responsive Grid)

Owner P&L Center: Real-time gross/net revenue, screen comparison, 7-day trends

Manager Operations Hub: Live occupancy both screens, F&B performance, critical alerts

Shift Staff Dashboard: Personal tasks (POS, cleaning, ushering)

Ticketing & Revenue (Touch-Optimized)

Interactive Seat Maps: Screen1 321 seats, Screen2 Gold98/Platinum15 (swipe mobile)

Dynamic Pricing Engine: Occupancy-based (+50% max), time/day premiums

Unified POS Terminal: Tickets + F&B in single flow (3-sec checkout)

Public Booking Portal: Guest-facing React app (QR tickets)

Booking Analytics: Occupancy velocity, no-show rates, channel attribution

F&B Concessions

F&B Performance: Attach rate dashboard, combo effectiveness (movie-specific)

Inventory Management: IoT weight sensors, auto-reorder, waste tracking

Combo Builder: Create bundles tied to specific screenings

Kitchen Display System: Real-time order queue for baristas

Technical Operations

Lamp Monitoring Center: Dual-lamp support (Screen2), WhatsApp alerts <200h remaining

Projection Control: DCP scheduler, pre-show ads/trailers playlist

IoT Dashboard: Real-time projector hours, AC status, door sensors

Utility Tracker: Electricity units/cost per show, generator diesel logs

Customer Experience

Customer CRM: WhatsApp integration, loyalty QR program

Complaint Resolution: 60-second mobile workflow

Feedback Collection: QR surveys post-show

Lost & Found: Photo logging + claim tracking

Operations & Admin

Daily Reconciliation: Auto POS vs scanner matching

AI Intelligence Reports: 6AM WhatsApp summaries + 3 growth ideas

Audit Trail: Immutable log of all financial/staff actions

Staff Management: Biometric attendance → auto-payroll

Housekeeping Workflows: Photo-verified checklists per screen

Marketing Automation: WhatsApp blasts, promo code tracking

Developer/Admin

API Documentation: Auto-generated Swagger

Tenant Management: Add Screen3/branch (future-proof)

 Database Models (django-tenants)

```
python
```

```
# Public Schema (shared)
```

```
class Tenant(models.Model): # django-tenants
```

```
    name = CharField(choices=['screen1', 'screen2']) # Future:
branches
```

```
    capacity = IntegerField() # 321, 113
```

```
class User(AbstractUser):
```

```
    role = CharField(choices=['owner', 'manager', 'staff', 'tech'])
```

```
    tenant = ForeignKey(Tenant)
```

```
class Lamp(models.Model):
```

```
tenant = ForeignKey(Tenant)
lamp_id = CharField() # 'screen2-lamp1'
rated_hours = FloatField(default=3000)
used_hours = FloatField(default=0)
remaining_pct = FloatField() # Auto-calc
```

```
class Transaction(models.Model):

    fnb_attach_rate = FloatField()
    lamp_hours_used = FloatField()
```

```
class UtilityLog(models.Model):
    date = DateField()
    electricity_units = FloatField()
    generator_diesel_l = FloatField()
```

Zero-Touch Integrations

Razorpay Payment Webhook

python

POST /api/webhooks/razorpay/

→ Validate signature

→ Create Transaction(gross=₹17550, net=₹13182, gst=₹2677)

→ Update live occupancy via WebSocket

→ Calc distributor share (50% auto)

WhatsApp Business API (Full Duplex)

text

INBOUND: /api/webhooks/whatsapp/ → Create/update Customer + auto-reply
OUTBOUND: 6AM Owner report + lamp alerts + marketing blasts
MQTT IoT Broker (EMQX Free Tier)

text

screen1/lamp_hours → Lamp.used_hours += delta
screen2/lamp1_hours, screen2/lamp2_hours
electricity/meter_delta → Utility.units += 24.8
fnb/inventory/beans → Inventory.alert if <20%
door/screen1_occupied → Live occupancy WebSocket

AI Super Intelligence (Celery Beat 6AM)

python

@shared_task

def daily_intelligence():

```
    yesterday_data = { 'screen1': {'occupancy': 0.68, 'revenue': 17550, 'lamp_remaining': 0.15}, ... }
```

```
    perplexity_prompt = f"Analyze cinema data: {json.dumps(yesterday_data)} JSON: {{summary, alerts:[], revenue_ideas:[], growth_actions:[3]}}"
```

```
    ai_response = perplexity_api(prompt)
```

```
    Report.objects.create(ai_analysis=ai_response)
```

```
    whatsapp_owner(f"Daily Report:\n{ai_response['summary']}\nIdeas: {ai_response['growth_actions']}")
```

Frontend Design System (RESPONSIVE GLASSMORPHISM)

Tailwind Responsive Config

js

theme: {

```
  screens: { sm: '640px', md: '768px', lg: '1024px', xl: '1280px' },
```

```
  extend: {
```

```
    backdropBlur: { md: '20px' },
```

```
    gridTemplate: {
```

```
      'pos-mobile': 'repeat(2, 1fr)',
```

```
      'pos-desktop': 'repeat(4, 1fr)'
```

```
    }
```

```
  }
```

```
}
```

Responsive Components

text

NAV: Desktop sidebar → Mobile bottom tabs

CHARTS: Recharts responsive container (all breakpoints)

SEAT MAP: Desktop grid → Mobile swipe carousel

POS BUTTONS: Mobile 48px touch targets (min)

FORMS: Mobile numeric keypad (₹ amounts)

MOBILE-SPECIFIC FEATURES

PWA Manifest

json

```
{  
  "name": "AEC Cinemas POS",  
  "short_name": "AEC POS",  
  "icons": [192x192, 512x512],  
  "start_url": "/pos",  
  "display": "standalone",  
  "theme_color": "#1E3A8A"  
}
```

Mobile Gestures

Swipe: Seat map navigation

Long press: Quick comp ticket

Shake: Emergency manager alert

FaceID: Staff biometric login

Offline POS Queue

text

No internet → Local storage queue → Auto-sync on reconnect

Mobile indicator: "Offline Mode ✓ 3 orders queued"

Key Automations

Occupancy Velocity: >20 seats/hour → Auto marketing WhatsApp blast

Lamp Alerts: <200h remaining → Vendor WhatsApp order

F&B Waste: >3% → Manager investigation workflow

Utility Efficiency: >4 units/show → Energy audit trigger

No-Show Rate: >5% → Loyalty campaign auto-launch

Production Checklist

text

- ✓ Tailwind responsive prefixes ALL components (sm:md:lg:)
- ✓ PWA install prompt + offline POS queue
- ✓ Touch targets $\geq 48\text{px}$ mobile
- ✓ Swipe gestures seat maps
- ✓ Mobile UPI QR-first payment
- ✓ Push notifications (lamp alerts)
- ✓ FaceID/biometric login (mobile)
- ✓ Responsive Recharts (all screen sizes)
- ✓ Bottom nav mobile, sidebar desktop
- ✓ 60fps animations (Framer Motion)
- ✓ Docker-compose (dev/prod)
- ✓ Neon DB migrations + seed data
- ✓ Tests 85% coverage
- 📦 Expected ZIP Deliverables
